COFFEE STATION SOLUTIONS

COFFEE BREAK IN THE OFFICE? MAKE AN EVERYDAY MOMENT EXTRA SPECIAL

01 QUALITY AND CHOICE: OFFER NOTHING BUT THE BEST

Thanks to the espresso coffee brewer, Talia makes espresso coffee of very high quality, just like that at the bar. And there are also soluble products, providing an even more varied choice.

With such a wide menu, there are more opportunities for use, and you can offer a wider range of prices.

There is a favourite beverage for all times of day: coffee in all its variations, and much more besides.

- ES version with traditional espresso coffee brewer: espresso coffee made according to Italian tradition.
- ESV version with variable chamber coffee brewer: for doses from 8 to 13 g. It guarantees perfectly-brewed coffee in all its tasty variants. This version has a double output to deliver two cups of coffee at the same time.
- Product layout with a hopper for 1.3 kg of coffee beans, and three containers for soluble products.

A conversation with colleagues, laughing together, the heady aroma of espresso coffee, or even the silky creaminess of a velvety cappuccino.

02 THIS COFFEE CORNER IS SO COSY!

Put consumers at ease with the Easy Interaction system offered by Talia: the touch menu guides customers and accompanies them in the selection and personalisation of their beverages.

Your customers will enjoy the process even more if they can use their imagination.

The quantity dispensed into the cup, intensity of aroma, addition of milk: every preference becomes a possible option.

- Choice of 2 intuitive interfaces:
Easy: backlit keypad with 12 selections buttons and a personalisable 3.5" LCD TFT colour display.
Touch: 7" touchscreen display with an intuitive, easily personalised menu. It offers an effective space for communications that can display videos and product information.

03 FRESH MILK FOR IRRESISTIBLE BEVERAGES

More than what you would expect: with the Fresh Milk module, you can give the Talia menu extra quality and choice, enabling your customers to make cappuccino and many other delectable beverages in an instant.

Your range becomes even more tempting: beverages with milk are among the products that consumers love most of all.

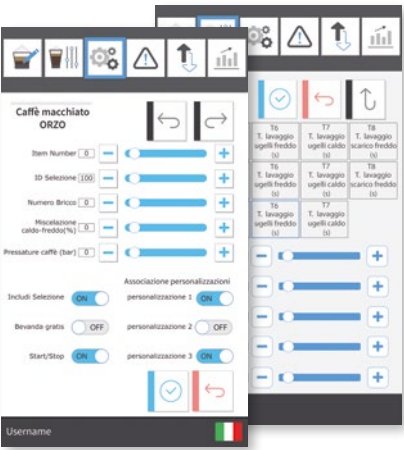

The Fresh Milk module improves the handling of this ingredient. The result? Creamy beverages that people adore.

- 4-litre refrigerator to keep the milk in perfect condition.
- Automatic rinsing.
- Rotary gear pump + heating unit.
- Cup holder with cup-warming option: cup storage space 135 mm in height, with room for about 20 cups.
- Only compatible with the coffee beans versions.

• Size: L 30 x H 63 x D 45 cm

04 THE SIMPLICITY OF HAVING EVERYTHING UNDER CONTROL

Total control, in the simplest way possible: at the touch of a finger. With its touch menu, Talia enables menu setting and personalisation, setting up the washing cycles and daily cleaning, displaying and handling the machine's alarms.

The task is made simple by means of on-board intuitive programming that helps you save time and energy.

A pleasant coffee break with a machine set up to perfection.

05 HYGIENE IN JUST A FEW SECONDS: SAFETY AND... RELAXATION

A machine that is continuously hygienised offers a guarantee that many consumers expect in today's world. With Talia, it takes just a few seconds to meet their demands, and yours as well: programming the washing cycles, easy access that facilitates cleaning operations, and screen disinfecting without having to switch off the machine.

Quick machine cleaning? This also improves productivity: just a touch, and it is ready to dispense the next coffee.

A safe break is a break that keeps people smiling: because peace of mind is essential for total enjoyment.
